**Subject: Notice in Accordance with Section 8(e): Results of a local lymph node assay on *functional acrylate*.**

Dear Sir or Madam,

The purpose of this letter is to inform the EPA of results from a local lymph node assay conducted on *functional acrylate* by [REDACTED]

Preliminary data suggests the test material is a strong dermal sensitizer. The final report for this study will be forwarded once it becomes available.

Company and chemical identity are considered confidential business information (CBI). CBI substantiation is enclosed.

For questions, please contact [REDACTED]  
[REDACTED]

Sincerely,  
[REDACTED]
